

## ALL SCHOOLS OF DISTRICT TO HAVE EQUIPPED PLAYGROUNDS

High Favor Found by the Equipment Installed at Central School Determines Committee Upon This Course—Good Times for the Children in Wholesome Way is the Keynote Which Brings About the Decision

Last Friday afternoon in the Y. M. C. A. building the Children's Playground Committee, consisting of the following members: J. P. Hodgson, F. J. Jullif, C. F. Philbrook, E. A. Putnam, W. E. Hawthorne, A. G. Watkins, J. F. Sinclair, R. B. Manson and J. E. Fry, met and effected a permanent organization, with Capt. J. P. Hodgson as chairman, and Rev. J. E. Fry as Secretary-Treasurer.

Appreciating the enthusiastic use the children are making of the equipment already in place in the Central School grounds and realizing the need of giving all the children of the Warren District an opportunity to play under more favorable conditions the committee unanimously voted to at once order sufficient material to equip playgrounds within the following school grounds, Lincoln, Lowell, Warren, South Bisbee, Tintown and Don Luis. None of these grounds will be so thoroughly equipped as the Central School grounds, as by far the larger per cent of children are found in that school. But each school will have swings to meet the need of the younger children, and Lincoln, Lowell and Warren will have in addition, slides, striders and testers.

The very best play ground material will be secured and it is hoped that before many weeks the good times that the children are having in the Central School grounds will be passed around to all the children in the district. If sufficient funds are not in hand for this complete equipment a canvass will be made of those that have not thus far contributed to this worthy object. By far the largest portion of the money in hand was given by the miners of the Copper Queen company, but the committee feels sure that the miners of the other companies, the business men and citizens in general will be ready to support this enterprise. And certainly the city, through its council, should support the playgrounds by helping to provide proper supervision and doing whatever is needed to make the playgrounds so attractive to the children that the problem of keeping them under right influences will be largely solved.

## PIONEER OF COUNTY DIES AT VALLEY HOME

Asthma Claims George Goldworthy—Body Brought Here—Burial Tomorrow

News of the death of George Goldworthy, Arizona pioneer, actively identified with the development of the state during the last forty years was brought to the city yesterday evening from the home of the deceased in the Sulphur Springs valley. Later the body was brought here and now lies at the O. K. undertaking parlors, from where the funeral will occur tomorrow afternoon at 1 o'clock, according to present plans.

The death of Mr. Goldworthy was due to asthma, with which he had been a severe sufferer for three years and more. The last week he had been very low. His death came at 6:30 yesterday afternoon. He was about sixty years of age, a native of California. He came to Arizona in the early days and first located in Yuma county. Later he came to Cochise county and had been here for more than 30 years. A few years ago

**J. B. Angius**  
The Pure Food Grocery  
Phone 29

be located the ranch property on which he died, just the other side of the Double Domes.

A daughter, Mrs. Fred Kinney, residing in the valley, survives the deceased. He had many friends in the county and was much esteemed by those who knew him. The funeral tomorrow will doubtless be largely attended.

## SAD NEWS IN THIS DISPATCH

Mrs. Leonard Warmington Learns of the Tragic Drowning of Her Two Brothers

News was received last evening by Mrs. Leonard Warmington in a dispatch from Redding, Cal., of the drowning of her two young brothers, John Baatian, aged 14 years, and Richard, aged 9 years, in a reservoir near their home at Olinda, in Happy Valley, near Redding.

The news came as a great shock to Mrs. Warmington, who only a few days ago received a letter from her family in California telling of the happy holiday season they were enjoying.

According to the dispatch conveying the news of the tragedy, the boys, children of Richard Baatian, left their home with a gun to go to nearby marshes, where they expected to find duck. Sometime later, word came of the boys' disappearance. The news came as a great shock to Mrs. Warmington, who only a few days ago received a letter from her family in California telling of the happy holiday season they were enjoying.

It is supposed that the children thought the ice on the reservoir safe for crossing and that they were going over it when it broke and let them through. Mrs. Baatian, mother of the children, is reported in the dispatch as prostrated with grief.

## CIVIL SERVICE HUNTS FOR JOB APPLICANTS

Demand Is Strong for Labor Combining Education—New Examination Dates

The demand for labor of the educated sort was never so apparent as now, and the civil service department is a good gauge with which to measure the demand. In the last year the number of positions opened to civil service men has been largely increased, partly by the development of the service and extension of its jurisdiction, and partly by the opening of so many new positions requiring the examination.

Secretary Craig of the Phoenix examining board announced yesterday the following examinations to take place as indicated.

Senior land appraiser for service under the interstate commerce commission, January 19.

Aid in the bureau of standards at Washington on January 21-23, and laboratory assistant in petrography for the same office on the same date.

Technical assistant in pharmacology for the division of pharmacology in the bureau of hygiene and public health, February 2.

Topography aid for temporary work in the field for the United States geographical survey on February 4.

Junior topographer for a position in the geological survey on February 5-6.

ONLY A FEW LEFT

There are only 200 bunches left of carload bananas. They are going fast. Tuesday last day. Restaurants, and boarding houses lay in a supply. Same cheap price. Come early, get first pick. Car on team track. 119

## IN WASHINGTON ON THEIR HONEYMOON

Senora Alfredo Aleman.

Senora Alfredo Aleman has just arrived in Washington with her husband on their honeymoon. He is the new attaché at the Panama legation and she is the daughter of the secretary of state of Panama. They were married on the isthmus on November 8 last and left almost immediately for Senor Aleman's new post, Washington.

## CONSUMPTION A HAPPY ONE

Plucky Bride From Over Seas Weds Bisbee Groom—Romance Ends in Delight for Both—Was Quiet Affair

Miss Ruby Frost and Mr. John B. Wright were quietly married yesterday afternoon at 2 o'clock at the home of J. R. Fitzpatrick, on Opera Drive, Judge Thomas officiating.

Miss Frost is the young lady from Australia, who journeyed all the way here from home, unaccompanied, to wed Mr. Wright. She arrived yesterday morning on the Golden State Limited and was met at Osborn by the groom, whom she had not seen in six years.

Miss Frost was thereafter escorted to the Fitzpatrick home and after a few hours rest from her fatiguing journey, the happy young couple were married at 2 o'clock, only a few friends of the groom being present.

The bride said yesterday afternoon that while Bisbee might not be as fair as her native city in Australia, yet she liked it very much and expected to be very happy and contented here, and to do as she had heard all Bisbee people did—become more pleased with the city all the time.

Mr. Wright came down town during the evening to submit to an interview, but rushed back to his bride with a most creditable celebrity. He was most undoubtedly a distinctly and superlatively happy young man. Asked if he had anything to say, he declared that all he could think of on the spur of the moment was to advise young men to go to Australia and get acquainted. At least, in his case, he had found it to be a most wonderful way of grasping joy.

Mr. Wright is employed at the Sacramento. He is a clean cut young man of good appearance and has an excellent record in the district. His bride is a handsome and accomplished young woman, and that she has plenty of capability is well evidenced in the long trip she has just concluded to the side of her choice in a foreign land.

Excellent for Stomach Trouble.

"Chamberlain's Tablets are just fine for stomach trouble," writes Mrs. J. D. Dunn, Arnold, Pa. "I was bothered with this complaint for some time and frequently had bilious attacks. Chamberlain's Tablets afforded me great relief from the first, and since taking one bottle of them I feel like a different person." For sale by all dealers.—Adv.

TURKEY SHOOT

Today at Denn Mine.—Adv. 125

## WHAT'S INDIGESTION? WHO CARES? LISTEN!

"Pape's Diapensin" makes sour, gassy stomachs feel fine at once.

Time it! In five minutes all stomach distress will go. No indigestion, heart-burn, sourness or belching of gas, acid, or eructations of undigested food, no dizziness, bloating, foul breath or headache.

Pape's Diapensin is noted for its speed in regulating upset stomachs. It is the surest, quickest and most certain indigestion remedy in the whole world, and besides it is harmless.

Millions of men and women now eat their favorite foods without fear—they know Pape's Diapensin will save them from any stomach misery.

Please, for your sake, get a large fifty-cent case of Pape's Diapensin from any drug store and put your stomach right. Don't keep on being miserable—life is too short—you are here long, so make your stay agreeable. Eat what you like and digest it; enjoy it, without dread of rebellion in the stomach.

Pape's Diapensin belongs in your home anyway. Should one of the family eat something which don't agree with them, or in case of an attack of indigestion, dyspepsia, gastritis or stomach derangement at daytime or during the night, it is handy to give the quickest, surest relief known.—Adv. 110

## MOTHER-IN-LAW AND MR. & MRS. J. BROWN

She tries to revolutionize the whole household, but is soon shown that she is in wrong. You will be happily entertained by this funny comedy. It provides laughter throughout, superinduced by that incomparable comedian, Sidney Drew. If "Standing Room Only" should greet you in the lobby of the Lowell theater tonight, you will know that the Lowell's first anniversary and "Jerry's Mother-in-Law" are responsible.

Mother-in-law comes to abide indefinitely at the home of Mr. and Mrs. J. B. Brown, lately married. She almost drives them into distraction by her bossiness. There is no peace in the house while she is there. He gets his punishment when he is held under the shower bath and ducked in the bathtub by mother-in-law; but is victorious when he buys a book on hypnotism and frightens her by trying to hypnotize her.

"The Cowboy Samaritan" is an offering that will appeal to any audience as a whole. It is one of those pictures of sentiment that one is apt to like without admiring wholly as a great work of art. It is well acted by the entire cast and has a child in whom the interest centers.

"Winter Sports in Switzerland" will bear seeing many times. Excellent views are shown of bodeled riders, of skijoring—men mounted on long skates drawn by horses—and ski jumping.

"Siberia's Holy Lake" shows many beautiful views of Lake Baikal and the wilderness surrounding it. This is a thoroughly pleasing bill throughout.

CLEANSER YOUR HAIR MAKES IT BEAUTIFUL

It Becomes Thick, Wavy, Lustrous and all Dandruff Disappears

Surely try a "Danderine Hair Cleanser" if you wish to immediately double the beauty of your hair. Just moisten a cloth with Danderine and draw it carefully through your hair, taking one, small strand at a time. This will cleanse the hair of dust, dirt or any excessive oil—in a few minutes you will be amazed. Your hair will be wavy, fluffy, and abundant and possess an incomparable softness, lustre and luxuriance.

Besides beautifying the hair, one particle of dandruff invigorates the scalp, stopping itching and falling hair.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow long, strong and beautiful.

You can surely have pretty, soft, lustrous hair, and lots of it, if you will just get a 25 cent bottle of Known Danderine from any drug store or toilet counter and try it as directed.—Adv. 109

## JACOB CHORUS GIRL IS WEDDED

Married Secretly in Agua Prieta Soon After Leaving This City—Phoenix Business Man Is Her Husband

Miss Florence Butler, who will be remembered here as a member of the chorus of the Jacobs musical comedy company which showed for quite a while at the Orpheum, was married in Agua Prieta shortly after leaving here, but did not make the fact known until recently, just before leaving with her husband, D. H. Watson, for a trip through the east.

Miss Butler was a favorite with the local people and many will be glad to hear of her happy marriage. In regard to the marriage, the Phoenix Republican has the following:

Miss Florence Butler, until a week ago one of the dancing dolls of the Jacobs musical comedy company, has been claimed as the bride of D. H. Watson. They have gone east on a trip.

The bride will more easily be recalled as the dancer of a Nell Brinkley type. Mrs. Watson confesses that they were married in Agua Prieta Sept. 5. Since the company came to Phoenix, that romance was in the air was no secret, but Mr. and Mrs. Watson only giggled when asked to name the place and time.

Miss Butler was a leader of her social set in Kansas City. She graduated from college two years and a half ago and then took a course in a business college. Business, however, was irksome to her; so when the "Naughty Marietta" company came through, against the wishes of her parents and friends, she entered the chorus, together with her dearest friend, Miss Katherine Neil.

From the "Naughty Marietta" company they went to the Jacobs company. Miss Butler met Watson on the train while the company was en route from Bisbee to Tucson.

Mrs. Watson's romance was only one of several that showed promise of blooming in September. The others, it appears, have not matured.

Mr. and Mrs. Watson have gone to Kansas City. She will remain there while he is in New York. He will continue to make his headquarters either in El Paso or Phoenix.

## EXPRESS CAR MYSTERY A SENSATIONAL STORY

Daring leaps, a fire, a locomotive chase and many other exciting features make the new Kalem two-part railroad story, "The Express Car Mystery," one of the most thrilling pictures ever thrown on the screen.

This production has been secured for the Royal theater for tomorrow and Tuesday. It promises to Royal patrons one of the finest things and also one of the most thrilling that has ever been shown on a moving picture curtain in the district.

Besides this big feature, the Royal picture bill will include the usual strong line of comedy and industrial pictures, making it always distinctly worth while to go to this theater. Today the special Sunday program is particularly worth while and should be seen by all.

SANTA FE ARIZONA FOLDERS  
Advices from the headquarters of the Santa Fe in Los Angeles, are to the effect that in all likelihood there will be published in the near future instead of one folder of the state, two by the railroad company, each touching on the advantages and beauties of Arizona.

The first of these folders will be on the Salt River valley. It will be a concise and descriptive folder setting in word and picture, the beauties of the valley, and describing the advantages of the section from a business and home standpoint. It will cover the Roosevelt project the farms of the valley, and the cities and homes of the district.

The other folder will be of the rest of the state tapped by the Santa Fe lines. It will include the Grand Canyon, the mountains and the resorts of the mountains, the business and the pleasures of the cities, and the scenic splendor of the whole section.

The advantages to the roads and to the state in the publication of two folders in the place of the one formerly sent out, is apparent. The ease with which the sections of the country may be pointed out, and the advantage of mailing one booklet which will answer many questions in a small form, are but a few of the plain reasons for such an issue.

## ASSURANCE OF MORE CLERKS

These on Railway Trains Will Solve Local Mail Problems—Senator Smith Thanked—Booklet Distribution

A special meeting of the board of directors of the Commercial Club was called last night to arrange for the distribution of the new booklets just received from the press.

The booklets are of 24 pages and are entitled, "Arizona Treasure House." They set forth all the advantages of this district and make a general inventory of the mines, with their mineral output. Several cuts are also used to portray beautiful scenery and business blocks. It was decided by the board to send out 5,000 of these booklets broadcast, through the medium of the business men.

A vote of thanks was tendered Senator Mark Smith for efficient work done in the interest of bettering mail service in this district. Mr. Smith had secured the consent of the postoffice department at Washington to place more railway post-offices on trains through this district.

The regular meeting of the board will be held on Wednesday night, on the 11th of the present month. The annual meeting of the entire membership of the club will be held and it is desired that all members attend. Those present at last night's meeting were: W. L. Drury, Pres., J. J. Bowen, M. Newman, Jesse Yeakum, E. C. Campbell, W. D. Evans and Chas. Purdon, secretary.

## CONTRACTS TO CUT ARIZONA FORESTS

The Forest Service announces the completion of a co-operative agreement with the State Land Commission of Arizona, whereby the western yellow pine on the University lands comprising approximately 40,000 acres within Coconino and Tusayan National Forests in Northern Arizona is to be cut in accordance with Forest Service contract requirements. This marks a distinct step in the progress of conservation. Arizona is the

first state in the Southwest to cut its timber lands on forestry principles. In accordance with the terms of the agreement, the trees to be cut are to be marked by an agent of the State who will be a trained forester, and the cutting will only remove about two-thirds of the standing timber. The remainder is to be left for a second cut and for seed. A close utilization of the merchantable produce is a part of the agreement with the lumber company and the stumpage price agreed upon is placed at \$3.00 per thousand feet.

The agreement also provides for the employment of a Forest Guard during the fire season by the State, whose duty will be the protection of the timber on the University lands from fire. Since these lands are surrounded by National Forest lands, the need for co-operation in the prompt discovery and suppression of forest fires has been fully recognized in the agreement.

## SAGE TEA TURNS GRAY HAIR DARK

It's Grandmother's Recipe to Bring Color, Lustre and Thickness to Hair When Faded, Streaked or Gray

That beautiful, even shade of dark glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray, streaked and looks dry, wispy and scraggly, just an application or two of Sage and Sulphur enhances its appearance a hundredfold.

Don't bother to prepare the tonic you can get from any drug store a 50 cent bottle of "Wyeth's Sage and Sulphur Hair Remedy," ready to use. This can always be depended upon to bring back the natural color, thickness and lustre of your hair and remove dandruff, stop scalp itching and falling hair.

Everybody uses "Wyeth's Sage and Sulphur" because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy, lustrous and abundant.—Advertiser's
